### **Ollie Otter Seat Belt Safety Program** [www.ollieotter.org](http://www.ollieotter.org)

The Ollie Otter Program was developed by the Tennessee Road Builders Association and Tennessee Tech University as a solution to a serious problem: lack of seat belt and booster seat education to our youth at a critical age when good safety habits are formed. This program's primary objective is to educate children in pre-K through 4<sup>th</sup> grade with interactive programs in elementary schools through the sponsorship of the TN Highway Safety Office. As a volunteer, you may have different roles: an organizer, a presenter, a media coordinator, or just be Ollie the Otter (costume and props provided)!
